*Response to Amendment*

1. The amendment filed on 10/24/2003 has been entered.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:
4. Claims 1-11 are rejected under 35 U.S.C. 102(b) as being anticipated by USPN 5,845,336 issued to Golde and maintained as set forth in the previous office action.

*Response to Arguments*

5. Applicant's arguments filed on 10/24/2003 have been fully considered but they are not persuasive. Applicant's traverses that the Golde (USPN 5,845,336) does not teach or suggest an outer fabric layer that is substantially less waterproof than the inner fabric layer and instead discloses the overlying flap (outer layer) and the inner layers to be made of the same fabric. This is incorrect, patentee in column 5 states that the outer fabric layer could be formed from Gortex, Cordura nylon, polyurethane or readily prepared laminates that are fabric/film membranes, hence the inner and outer fabric layers could be different if desired and with the desired end use in mind a skilled artisan could chose whether to make the outer or inner layers waterproof, water permeable or not. Further, Applicant's claim are of open language, that is "comprising" and does not preclude the use of an outer flap or any other structure, and thus the flap may be considered as the outer layer or a part of it.

*Conclusion*

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
